EDUCATION

Arsi University, *Bachelor of Science in Information Systems* 2026
College of Business and Economics CGPA: **3.76/4.00** Major GPA: **3.84/4.00** National Exit Examination: **79/100** Academic Recognition: **Very Great Distinction**

TECHNICAL SKILLS

AI Engineering & Emerging Technologies
- AI-powered application development
- AI API integration and implementation
- AI chatbot development and integration
- Prompt engineering and intelligent application development

Backend Development
- Node.js
- Express.js
- Java
- Spring Boot
- REST API Development

Frontend Development
- JavaScript
- React.js
- Next.js
- HTML5 and CSS3
- Tailwind CSS
- Bootstrap

Database & Development Tools
- MySQL
- Git and GitHub
- Postman
- Visual Studio Code

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Full-Stack Web Development (MERN Stack) (Evangadi Bootcamp • MySQL, Express.js, React.js, Node.js, and JavaScript.) | **Full-Stack Web Development (Java)** (EZ Tech Bootcamp • Java, Spring Boot, and modern frontend development.) | **Kairos International Leadership Program** | **Advanced Leadership and Personal Development Training** (International Leadership Institute)

SELECTED PROJECTS

AI-Powered Church Website, *In Progress*

- Integrating AI capabilities to improve digital communication and user engagement.
- Applying modern web technologies and AI solutions to support church activities and information access.

AI-Powered Garage Management System

- Developed a web-based garage management system for managing customers, vehicles, repairs, and workshop operations.
- Implemented frontend and backend functionality using React, Node.js, Express.js, and MySQL.
- Integrated an AI chatbot to support user interaction and information access.

Arsi University Technology Club Website

- Developed a responsive website to present club information, activities, events, and announcements.
- Implemented an AI chatbot to improve user interaction and accessibility.

LEADERSHIP & COMMUNITY EXPERIENCE

Arsi University Technology-Based Club, *President*

- Led student technology initiatives and encouraged innovation, collaboration, and practical learning.
- Coordinated club activities, technology-related programs, and student engagement.
- Supported knowledge sharing and collaboration among students interested in technology.

EVASU, Arsi University Main Campus, *Main Leader*

- Provided leadership and coordination for fellowship activities and members.
- Supported mentoring, community engagement, and team collaboration.
- Helped organize activities and encourage participation and spiritual growth.

Arsi University, *Class Representative*

- Represented students and communicated academic concerns and feedback to relevant university stakeholders.
- Facilitated communication between students and academic staff.
- Supported coordination and problem-solving within the student community.

LANGUAGES

Amharic (Native) | **English** (Professional Proficiency) | **Afaan Oromo** (Basic)
